Checking Accounts

## Overdraft Protection

.....

GLCU is committed to helping our members when they need it. Our Overdraft Protection Program has been designed for your protection and peace of mind. If for some reason you do not have enough funds in your checking account, our system will automatically look to your other accounts to cover the amount being presented for payment. All you need to do is ask and we will set up your account with this service and provide you with this worry free checking account benefit in the future. If you change your mind, you can reverse your decision at anytime and of course, there are NO FEES if you don't use this service.

## SafetyNet

.....

In addition to the Overdraft Protection discussed above, GLCU offers SafetyNet. If there are not funds available to cover an item through Overdraft Protection, GLCU will pay items presented for payment from your checking account up to a pre-determined amount. GLCU requests that you "opt-in" to this service, to ensure that your ATM and Debit Card transactions are not declined at the merchant. Again, if you change your mind, just let us know and remember - there are NO FEES if you don't use the service.

## Direct Deposit

.....

Enjoy the benefit of Direct Deposit by providing your employer with GLCU's Routing # (271984832) and your new GLCU account number.

Your existing FCU Direct Deposit will **not** automatically be routed to your new GLCU account. You need to provide your employer with GLCU's Routing # (271984832) and your new GLCU account number. **Do not update until Monday, November 3, 2014.** Transactions will continue to process to your old account number for up to 90-days.

## GLCU VISA® Debit Cards

.....

Get fast and easy ATM access and the power to make purchases anywhere VISA is accepted. It looks like a credit card, but the amount of your purchase comes out of your Checking Account. Your Debit Card is not a credit card, so you don't pay finance charges.

There are two ways to make purchases:

### CREDIT

Ask for credit, sign the receipt and the transaction will be processed similar to a check. It may take 1-2 days to clear your account. We recommend this option as it is a more secure way to complete your transaction.

### DEBIT

Enter your PIN and the purchase will be deducted immediately from your account. You can also choose to receive cash back.

### Use It to Get Cash

You can use your Debit Card to get cash at any ATM. You can even check your balance, make deposits, and transfer money.

Great Lakes Credit Union is part of a CO-OP surcharge Free ATM network. To avoid surcharges, make withdrawals at ATMs displaying a CO-OP Network® logo. Visit [www.glcu.org/accounts/personal/services/check\\_atm\\_card](http://www.glcu.org/accounts/personal/services/check_atm_card) or page 27 for details.

You may continue to use your FCU ATM Card through expiration.

# ACCOUNT ACCESS

## IMPORTANT ACCOUNT CHANGES

.....

Your account numbers will change slightly. We have retained your current FCU account number with the addition of a few numbers to make it eight digits long.

### **Example of a Regular Share Account number:**

Old Account: 1234                      New Account: 240001234

*This will become your primary account number.*

### **If you have a Share and a Checking Account:**

Old Account: 40001234      New Account: 24401234

*This will become your primary account number. You will no longer have two different account numbers.*

While the branch location you know will remain the same, you will now have access to GLCU's ten other branch locations! GLCU is also part of a network of over 5,000 credit union service centers throughout the country. Through this convenient network, you can perform many of your financial transactions and obtain services at other credit unions belonging to the network. In this way, your credit union is now as close as the nearest CU Service Center location. Please visit [www.glcu.org/shared-branching](http://www.glcu.org/shared-branching) or see page 27 for more information.

Both your account and routing numbers will be changing. We apologize for this inconvenience but in order to make this transition as easy as possible, we request that you update this information with each company that you have an ACH or Direct Withdrawal with after Monday, November 3rd. # FREQUENTLY ASKED QUESTIONS

## **WHY DID FCU MERGE WITH GLCU?**

The decision to merge was the result of a desire to provide FCU members with the best financial services possible. The merger will allow FCU to offer a more extensive range of products, an increased level of service, and the added convenience of improved account accessibility.

The Board of Directors held discussions with several potential credit unions to determine a great merger partner. In the end, GLCU was chosen because of its strong “member focus”, leadership and vision for the future. Both GLCU and FCU have the same philosophies and share a mutual commitment to members, employees and communities.

## **WHO IS GLCU?**

GLCU has been serving members since 1938 and is financially strong with \$645 million in assets. GLCU is among the top ten credit unions in Illinois with over 56,000 members and has ten branches within Lake, McHenry, DuPage, Will, Kendall, Kane, and Cook County, Illinois, and Kenosha County, Wisconsin.
